Israel the Holy Country

Have you seen a threat to Khamenei?

Hamburg , 08.10.2023, 15:57 Time

USPA NEWS - It has been many years since the people of Iran and the people of Israel have been wishing and missing for each other,
but ever since the ruthless Khomeini regime entered Tehran in 1979, all relations between these two countries were severed. Do you know the reason for this? Because the people of these two countries are incredibly cultured, kind, and intelligent, but they haven't been able to be together since that moment. What's the reason for all this devastation?
Who is responsible for these human crimes, such as the recent acts of terrorism by Hamas in Israel?

Certainly, the answer has reached you by reading the above question.
Yes: The answer is correct.
The main cause of these crimes is the inhumane and brutal regime of the Islamic Republic of Iran and the terrorist group IRGC, with Ali Khamenei as the Leader perpetrator of these crimes.

Have you seen how they have harmed children? Have you seen how they have abducted girls? Have you seen how they engage in war like madmen and kill innocent civilians? Why hasn't anyone supported the people of Iran in the past year to achieve their freedom? Why didn't anyone support the people of Iran in November 2022 when the terrorist government of Iran was on the brink of collapse? Why didn't anyone listen to their cries for freedom?

How much have the people of Iran cried out in the past year that the Khamenei regime is a murderer and a criminal? How many Iranian girls have they killed in Iran? How many Iranian girls have they raped? How many Iranian youth have they killed? How many children have they killed in Iran? Wasn't all these crimes enough to support the people of Iran so that such crimes wouldn't happen in Israel yesterday and today?

How could you remain silent? How many Iranians living abroad have requested that the IRGC be listed as a terrorist organization by all countries in the world? They cried out extensively that the regime of Ali Khamenei poses a danger to the entire world if not stopped.

I don't know if today, after seeing scenes from the war in Israel, you have realized that this government and the groups under the protection of Ali Khamenei are a danger to humanity and all countries! Haven't you seen in the news that the President of Ukraine stood alongside drones made by the Islamic Republic of Iran, but nobody wanted to believe it?
I, as an Iranian, confirm and affirm that I and the people of my country stand alongside Israel. We are just as concerned for the women, men, and youth of Iran as we are for you. We have only one wish: friendship, peace, and tranquility. But you must understand that with Ali Khamenei and his criminal regime, these issues will never remain stable in the Middle East, and at any moment, the possibility of a crime by the Islamic Republic and its terrorist groups is real.

Shouldn't we think more seriously about this?
Is the Iranian regime really so terrifying that human rights-committed countries are not willing to eliminate it?

Are you afraid of an influx of refugees? With the Islamic Republic of Iran in place, not only will the number of refugees to Europe and America increase, but the possibility of terrifying problems arising in the near future for all countries around the world, such as human rights abuses and massacres, exists.

Why don't you believe that the most significant enemy of humanity today is in Tehran, and the name of this menacing and murderous being is Ali Khamenei?
I hope you know that the Iranian regime must be overthrown as soon as possible, or else everyone is in danger. Now is no longer the time for negotiations or being friends with Ali Khamenei. The Iranian regime must be dismantled as quickly as possible.

Thank you for your time in reading this article.

The most saddening news these days is that the terrorist IRGC announces in their official news that they are fully supporting Gaza and Hamas terrorists. However, the United States and the Biden administration say they haven't seen any evidence of Iran's presence!

Isn't it better evidence when the regime itself directly declares its full support for Hamas terrorists? Since the brutal invasion of this terrorist group into the holy land of Israel began, the Iranian regime has celebrated it openly, and it has been announced multiple times by both Hamas and the IRGC that the Islamic Republic is involved in this aggression and war crimes.

Mr. Biden, I don't know what to say to you and your government. I can only pray that former President Trump returns to his rightful place as soon as possible.
